

Assembly Instruction

Note:

1. Should be assembled on flat ground to keep balance.
2. Before completing the installation, do not tighten the screws.

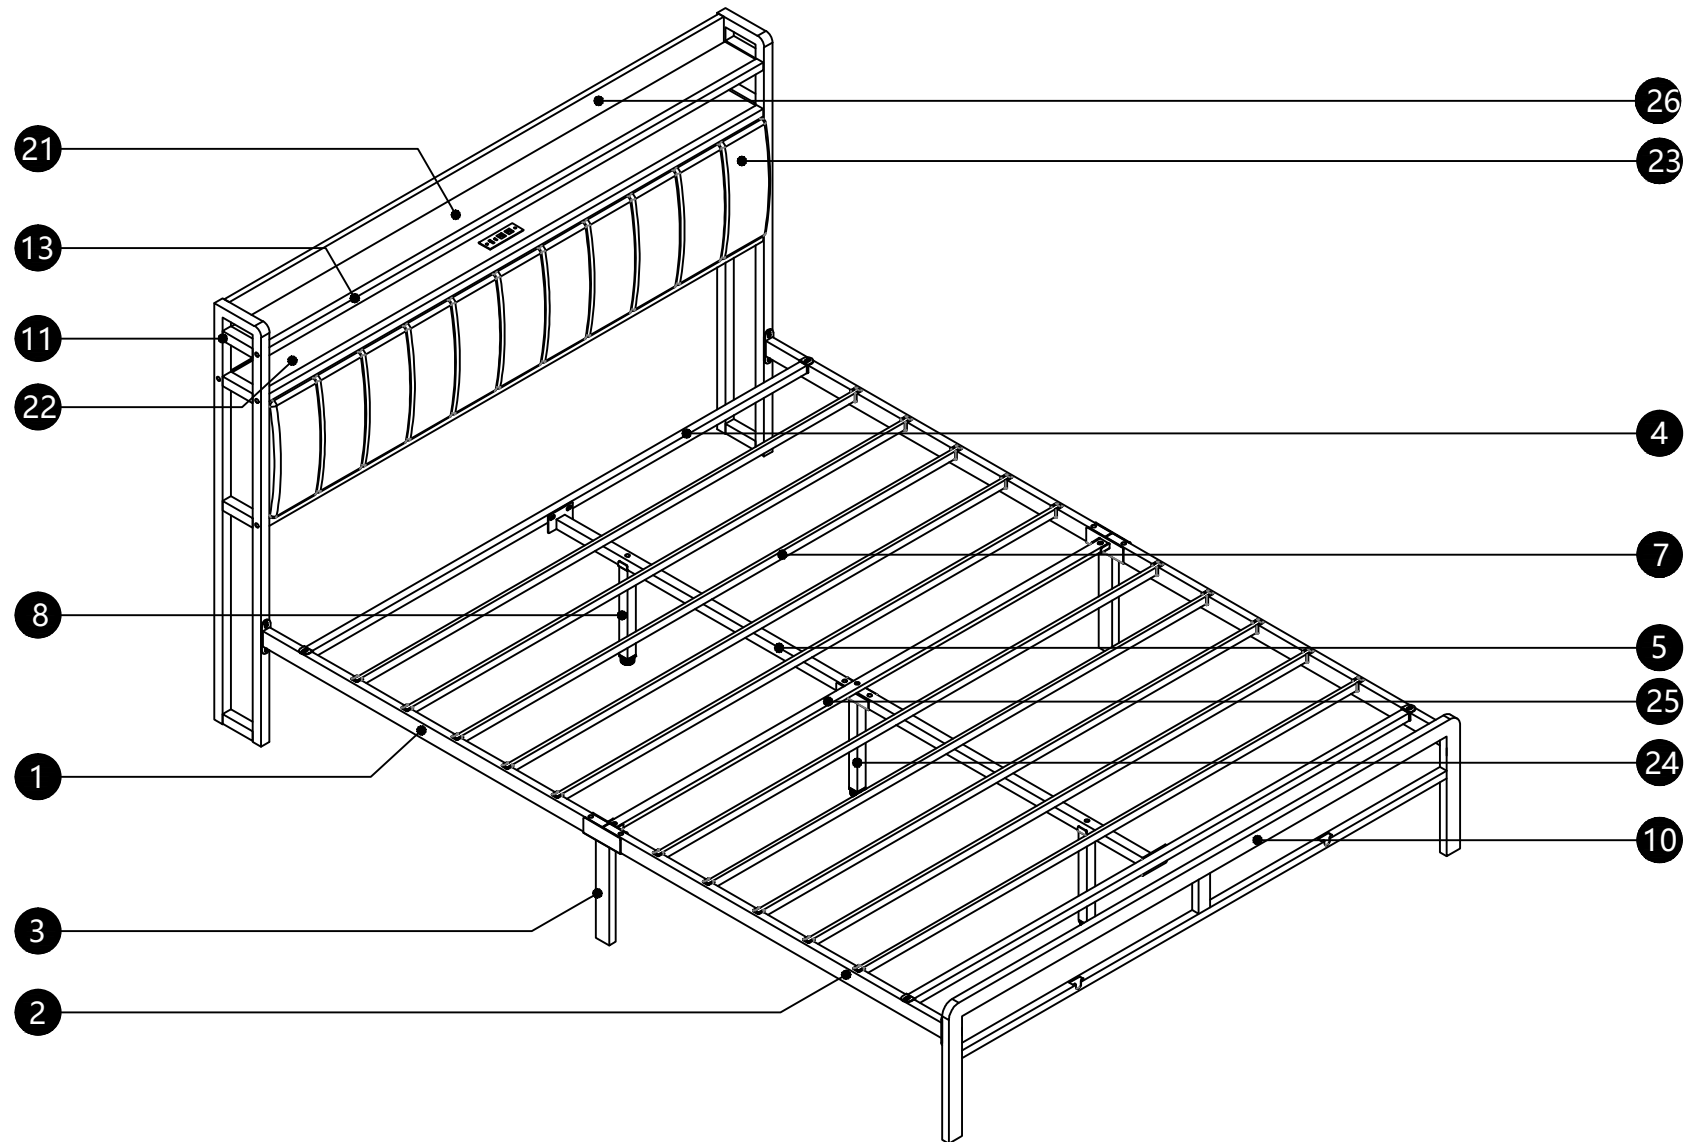

It needs at least two people to install.

Before starting the assembly, you must read the whole manual and follow the instructions

Assembly Instruction

Step:13

To find the left and right USB plugs and pull them together

As shown in the figure, locate the corresponding accessories and connect them together

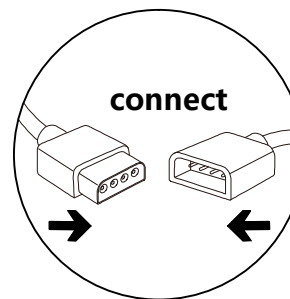

The USB plug needs to be connected to a power source

Make good use of **Strap magic tape** to organize scattered wires

Step:1 First, find the power connector of the light strip and thread it through this hole

Step:2 Connect the power cord as shown in the figure to the power connector of the light strip

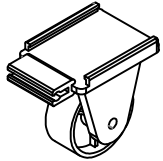

Power cord

Assembly Instruction of **drawer**

Black plastic buckle instructions for assembling drawer mesh

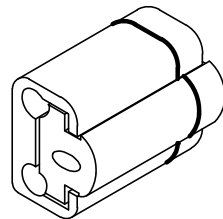

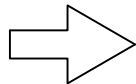

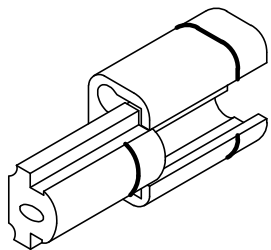

Remember this
convex coil

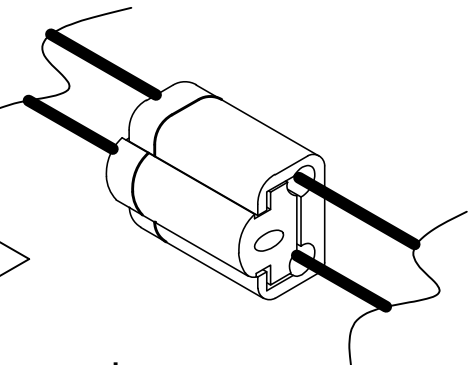

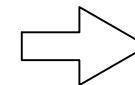

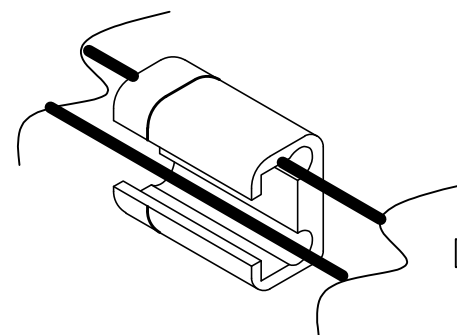

Reverse
direction

You can pull the buckle out by
following the direction indicated
by the arrow

So This is the only direction that
can be locked

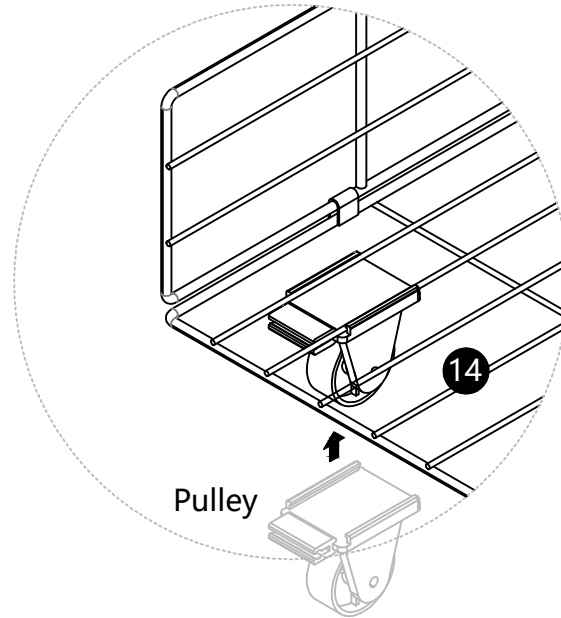

Place round iron tube as shown
for better drawer assembly

Drawer Base's Assembly Instruction

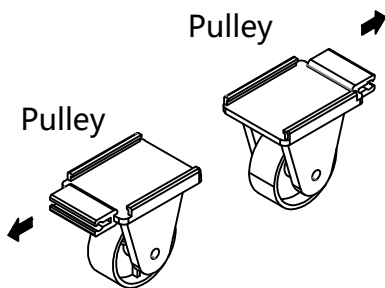

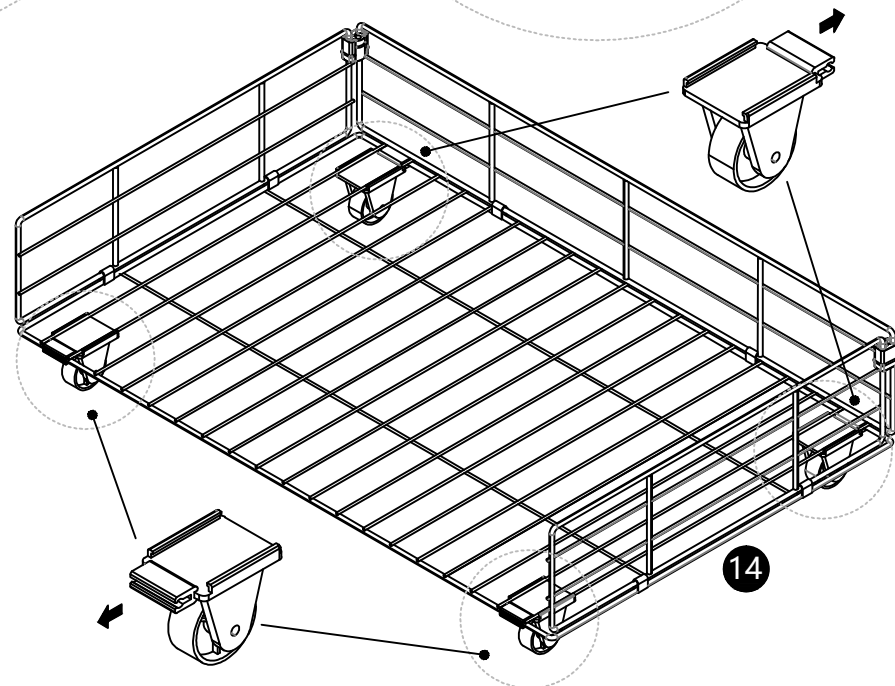

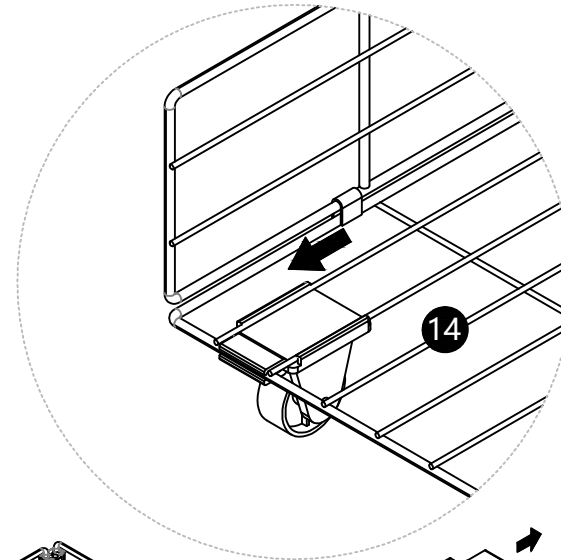

Please note that this drawer base (14) has front and back sides! Please see the instructions clearly before assembling!!!

As shown in the figure Clip the pulley into position first

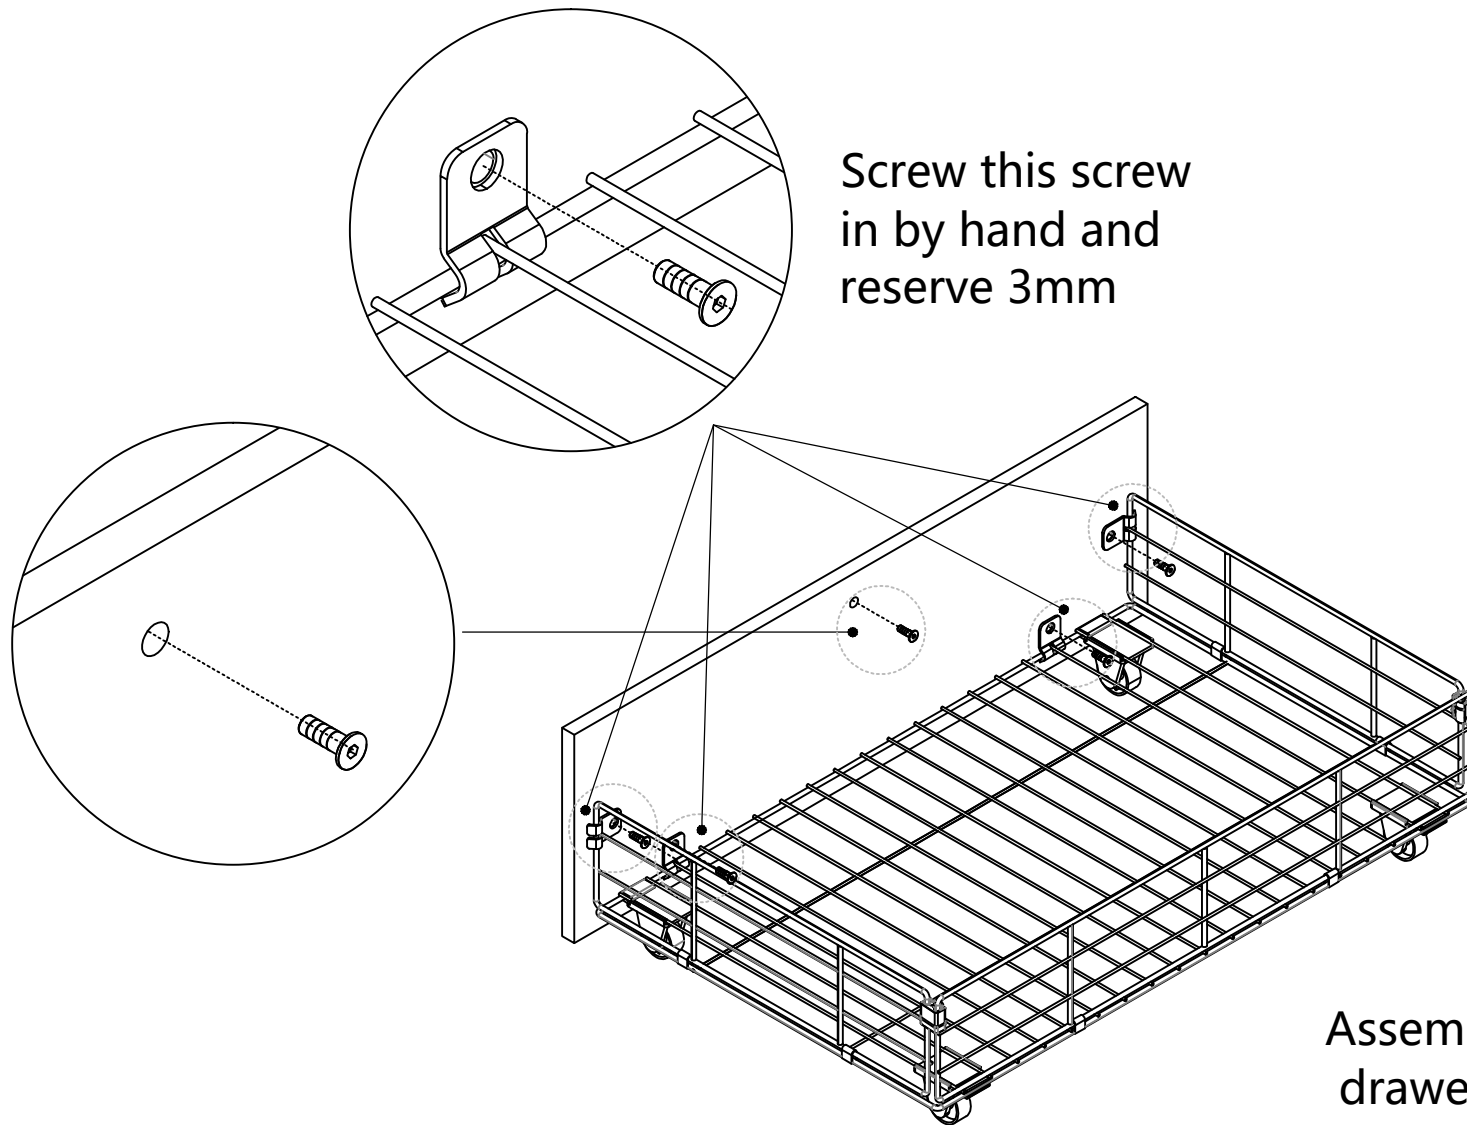

Then push the pulley to the side
At the same time, clamp the iron wire at the edge. It takes a little strength

Pay attention to the orientation before clamping in

Assembly Instruction of drawer

Screw this screw
in by hand and
reserve 3mm
